- Master Plan Goals and Project Overview
- Recap of Previous Meetings and Resident Outreach
- Master Plan Updates
- Phasing and Relocation
- Transportation and Parking
- Schedule and Next Steps

Who We Are: Centre Street Partners

THE **COMMUNITY**
BUILDERS

Master Plan Goals

- 1:1 replacement of existing public housing apartments
- Add new affordable, middle-income, and market apartments
- Build new Anna Mae Cole Center and outdoor spaces
- Improve site safety
- Create better connections within Mildred Hailey and with the surrounding neighborhood
- Minimize disruption for existing residents
- Conduct project in phases

Project Overview

- Seven new 6-story buildings
- Replace existing 253 apartments on site
- Total of approximately 690 apartments, adding new affordable, middle-income, and market rate apartments
- New Anna Mae Cole Center
- New streets, pedestrian paths, and outdoor spaces

Recap of November 2018 Meeting

Building Captains: Graduation

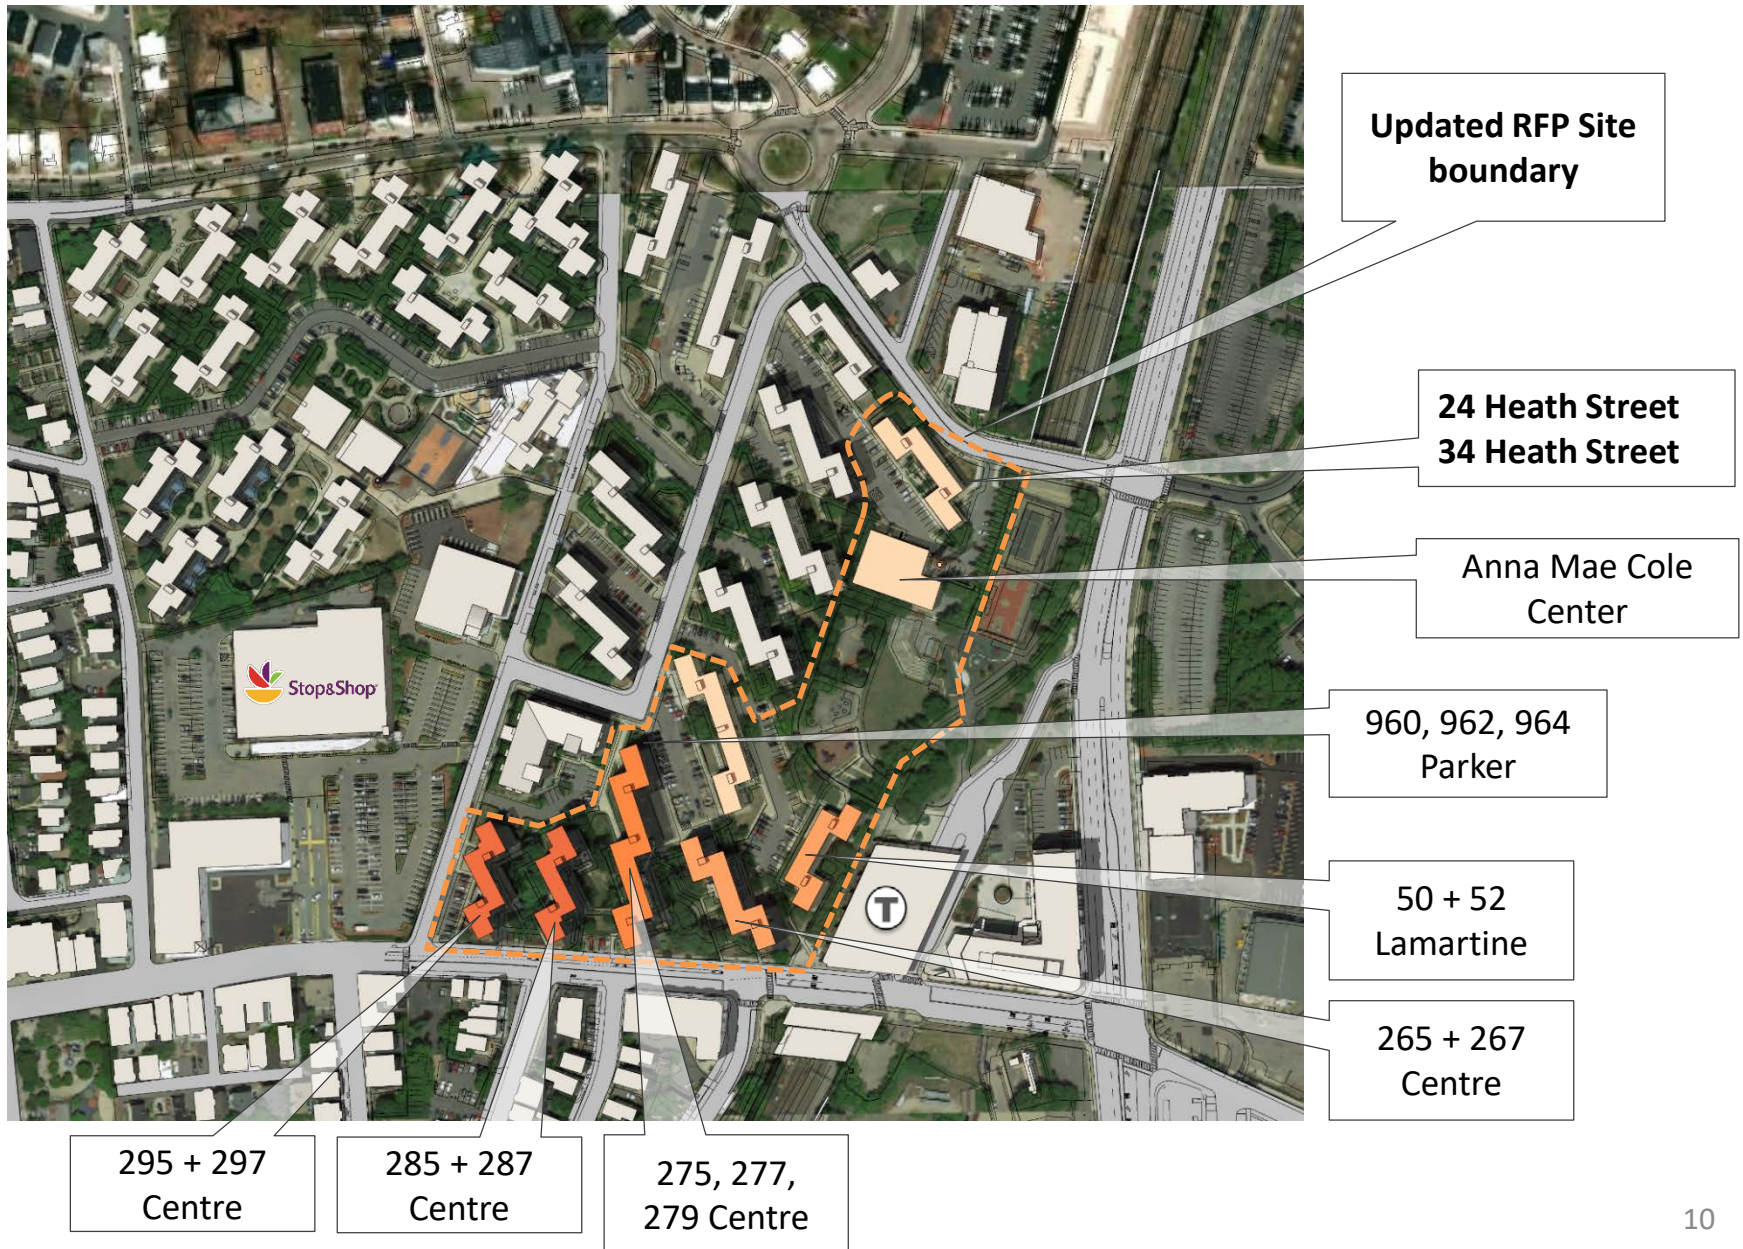

Master Planning Progress Updates

- Since November 2018
 - Program Updates
 - Advancing Design
 - Permitting and Zoning Conversations
 - Financing Conversations
 - Building 14 Designation
- Meetings with City Agencies
 - Boston Housing Authority
 - Boston Planning & Development Agency
- Meetings with Local Politicians and Community Stakeholders

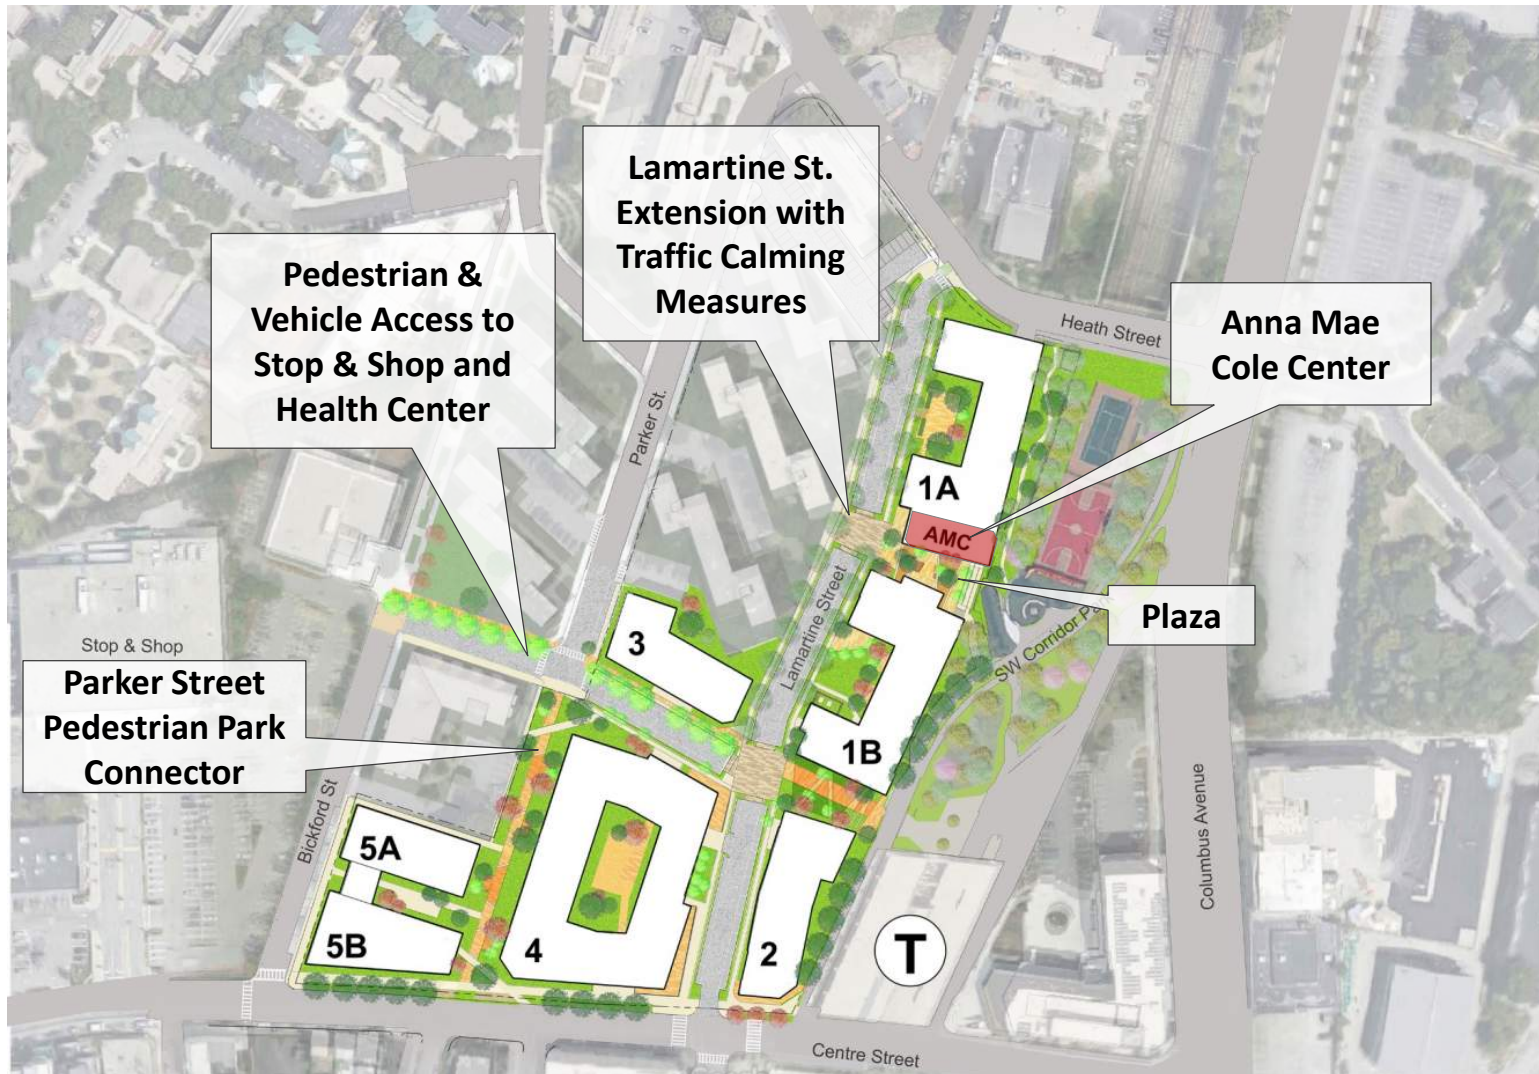

November 2018 Site Boundary

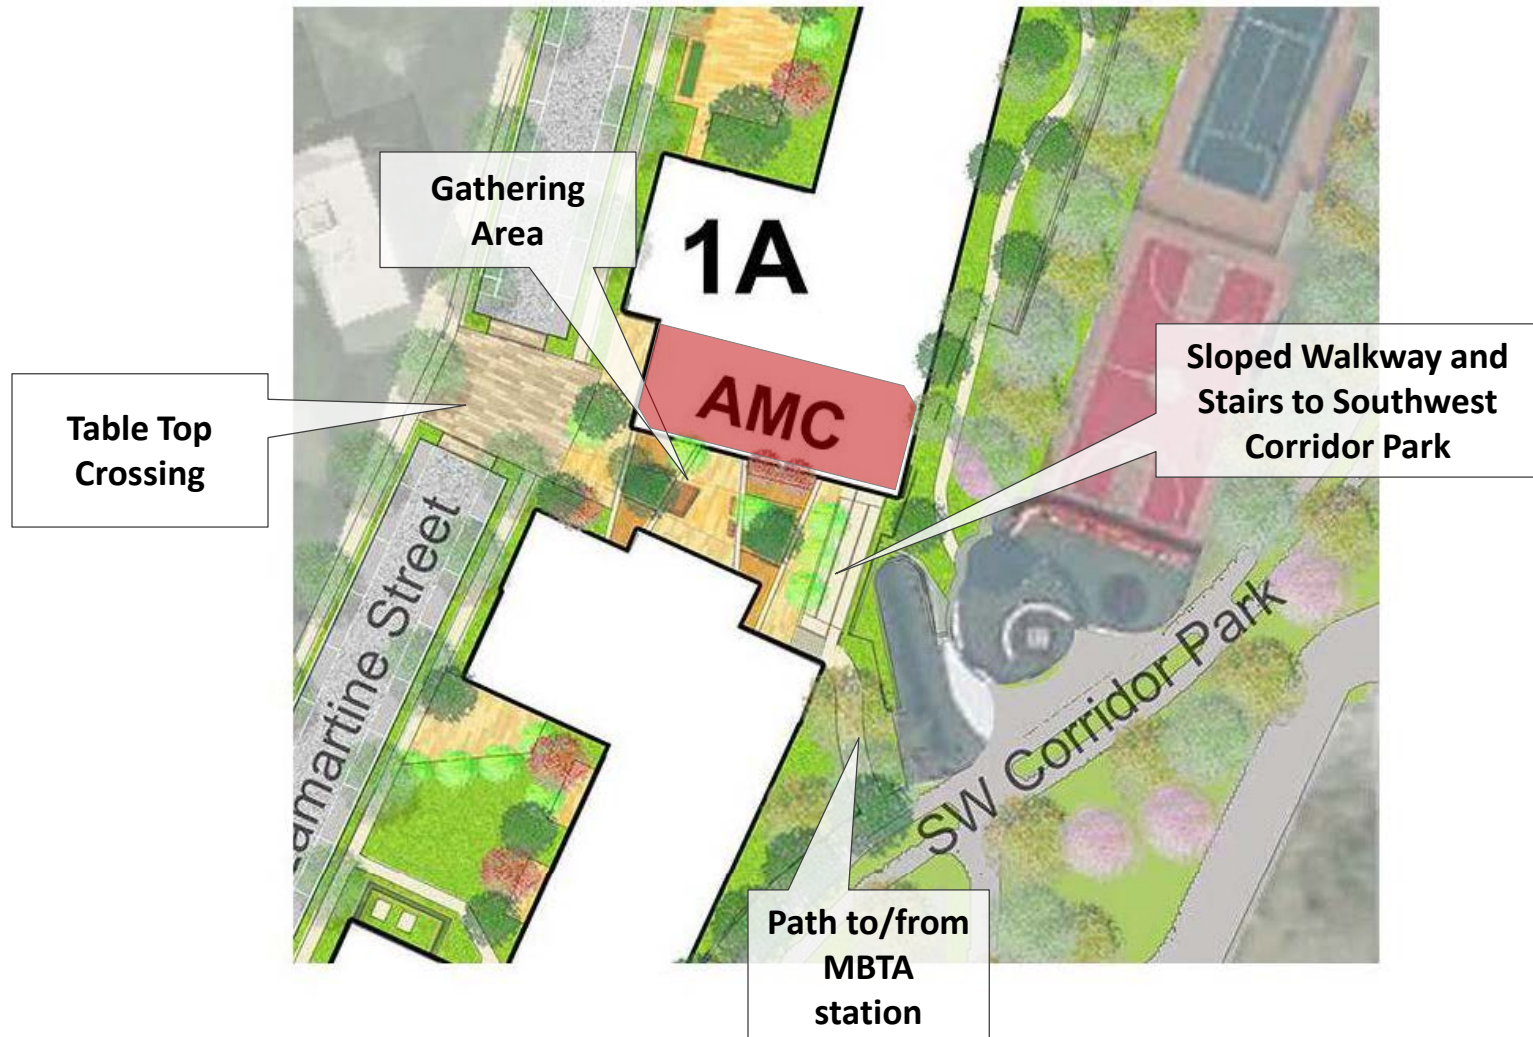

Updated Existing Site Boundary

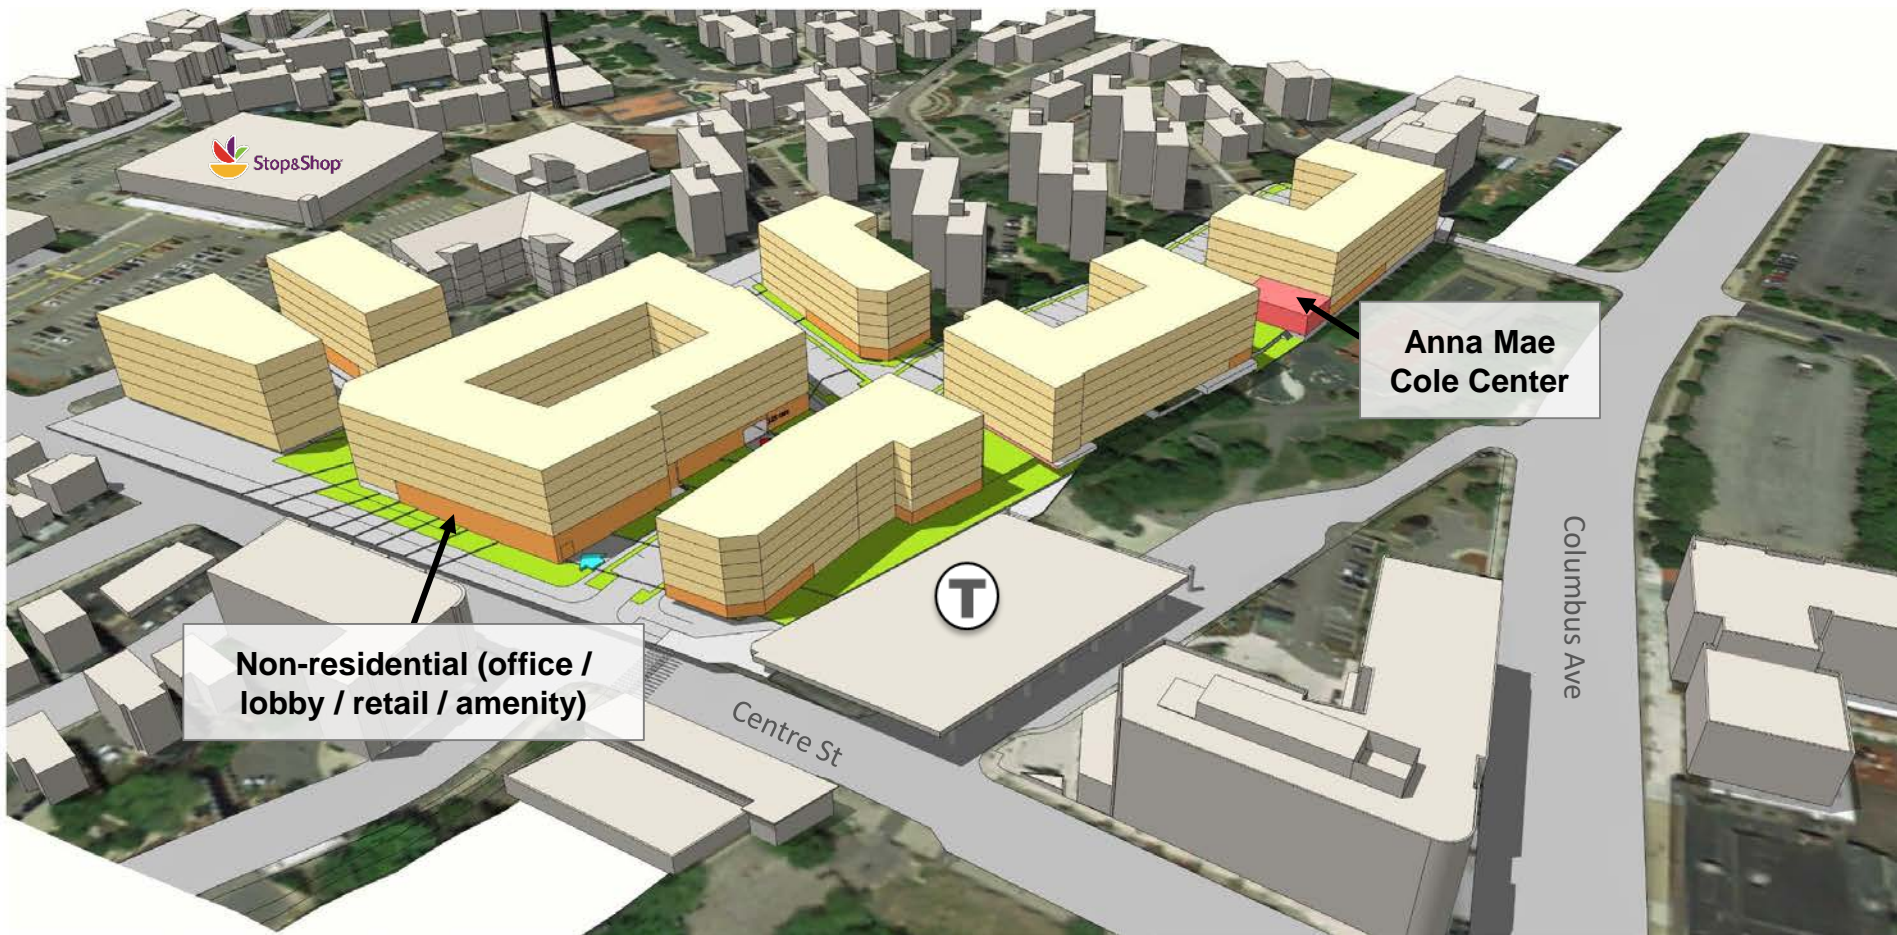

Updated Site Plan

Plaza at Anna Mae Cole Center

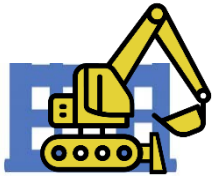

Full Build Out - from Centre St.

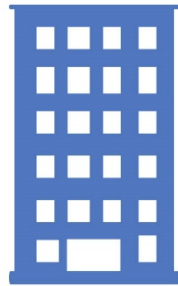

Relocation Goals

1

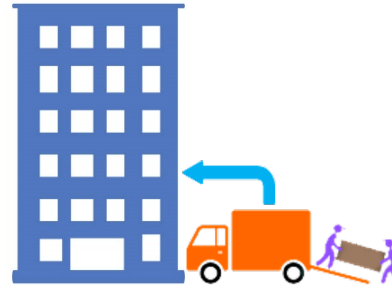

Construct New
Buildings

2

New Buildings Ready
for Occupancy

3

Move Residents Into
New Buildings

4

Demolish Recently
Vacated Buildings

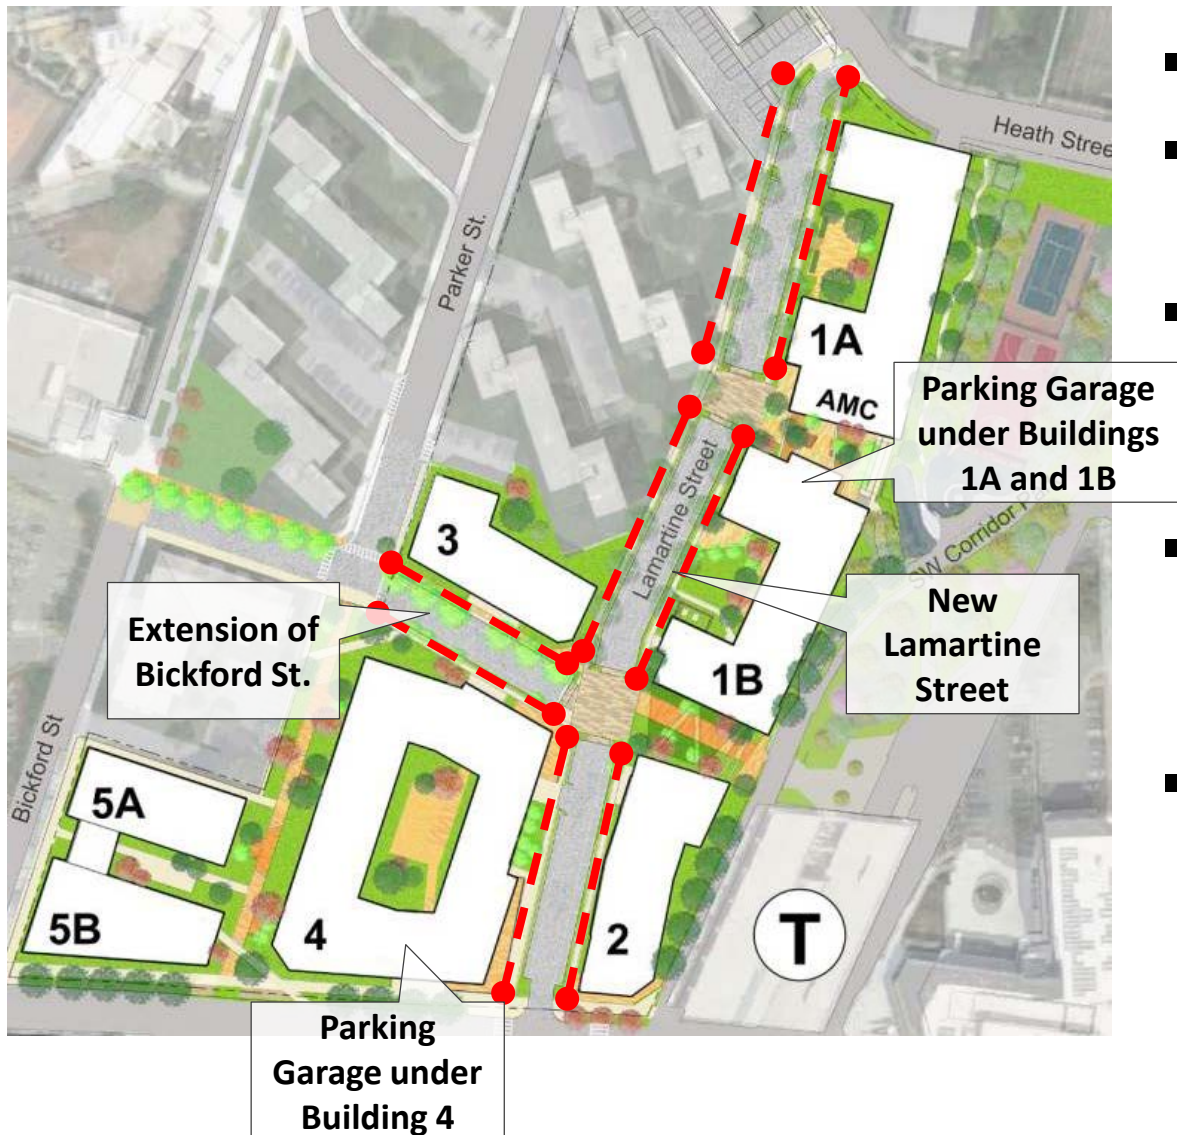

Relocation Goals

- Minimize disruption to current residents
- Split relocation into phases
- Build first on vacant land as available
- Most residents only have to move once, some twice
- Apartments for current residents will be spread across all the new buildings on the site
- Build new Anna Mae Cole Center in first phase

Current Phasing Plan

Transportation and Parking

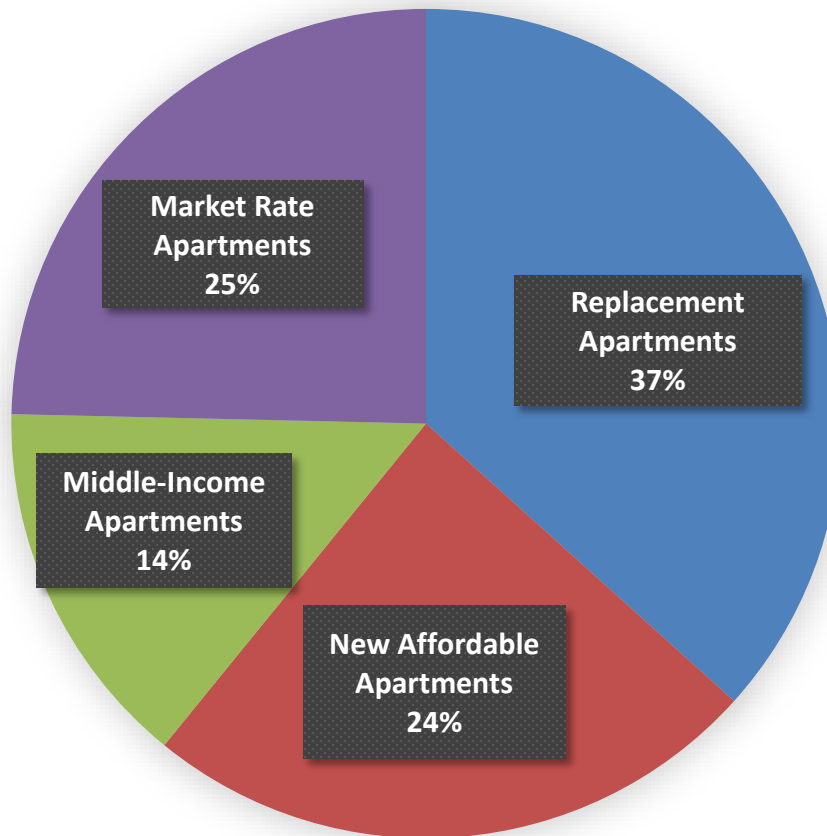

- New streets
- Garage and street parking
- Current households will not be charged for parking
- ~0.42 parking ratio at approx. 260 – 290 spaces
- Parking is subject to modification based on building design and financing

Apartment Types

- 1:1 Replacement of Existing Public Housing Apartment
 - Every public housing unit in the redevelopment replaced as new
 - Receive Section 8 subsidy
- New Affordable Apartments
 - Apartments restricted at 50% and 60% of area median income
 - Below market-rate rental cost for housing
- Middle-Income Apartments
 - Apartments restricted at 80% and 100% of area median income
 - Below market-rate rental cost for housing
- Market Rate Apartments
 - Apartments with no rent restrictions

Income Mix

- Replacement Apartments
(Section 8 at or below 50% AMI*)
- New Affordable Apartments
(50% and 60% AMI)
- Middle-Income Apartments
(80% and 100% AMI)
- Market Rate Apartments

* Existing public housing units eligible up to 80% AMI

Income Mix by Building

*Sample Unit Mix Jan 2020**

Building No.	1A	1B	2	3	4	5A	5B	Total
Replacement (Section 8 affordable at or below 50% AMI**)	44	47	23	22	78	20	19	253
Affordable at 50% AMI	10	-	-	-	-	-	-	~10
Affordable at 60% AMI	10	-	42	38	-	33	34	~157
Middle-Income at 80% AMI	16	20	-	-	34	-	-	~70
Middle-Income at 100% AMI	30	-	-	-	-	-	-	~30
Market	-	57	-	-	113	-	-	~170
	~110	~124	~65	~60	~225	~53	~53	~690

AMI= Area Median Income

* Exact number of units and distribution in different buildings subject to modification based on relocation, building design, and financing.

** Existing public housing units eligible up to 80% AMI

Example AMI and Rents

Type of Apartment	Approx. Income for Household of 4	Approx. 2-bedroom Rent*
Replacement (Section 8 affordable at or below 50% AMI**)	~\$59,000 or less	30% of monthly adjusted income
Affordable at 50% AMI	~\$59,000	~\$1,150
Affordable at 60% AMI	~\$71,000	~\$1,420
Middle-Income at 80% AMI	~\$95,000	~\$1,850
Middle-Income at 100% AMI	~\$118,000	~\$2,530
Market	n/a	~\$2,870

AMI= Area Median Income

* These rents assume the building pays for water/sewer and hot water, and tenants pay for electricity and heating.

** Existing public housing eligible up to 80% AMI

Top FAQs

Will people be displaced?

We are replacing all existing apartments with new, deeply affordable Section 8 apartments—meaning there will be a place for all current households. Some families will need to temporarily relocate, and BHA will ensure every family receives an appropriate relocation apartment.

What will the parking situation be like?

The goal is to maintain about the same level of parking for existing residents. Current residents will not be charged for parking.

Will there be laundry facilities available for us to use?

All new buildings with affordable apartments will have at least one common laundry room available for residents to use.

Top FAQs

Who will manage the buildings?

The new buildings will be managed by TCB or a third-party management company. The BHA will continue to manage the existing buildings.

What will be done for safety and security?

Good lighting, cameras, secure locks on doors and windows, new building configurations with a limited number of building entrances, and new roadways will assist with security.

The development team will actively work with residents in the coming months to obtain additional feedback about security concerns and proactive measures. Do you have any ideas on how safety could be improved?
